Behaviour Education Policy

The R.I.G.H.T way to be at Yavneh

Respect, Integrity, Gratitude, Honour and Tradition

Mission

Vision Statement:

To be Melbourne's pre-eminent Jewish Day School: developing the characters, enriching the intellects, and engaging the souls of outstanding, Torah and Israel-committed youth.

Mission Statement:

The mission of Leibler Yavneh College is to play a central role in the personal development of its students, nurturing them to demonstrate:

- Respect
 - Life-long, independent learners who pursue excellence and strive to achieve their potential;
- Integrity
 - Of fine character, imbued with integrity and compassion;
- Gratitude
 - Inspired by and personally committed to a relationship with Hashem based on study of Torah and adherence to its values and Mitzvot;
- Honour
 - Committed Australians, aware of and loyal to their communal, civic and personal responsibilities;
- Tradition
 - Knowledgeable of and passionate about Yahadut (Judaism) and Tziyonut (Zionism).

Rationale

Our Behaviour Expectations Policy and the **R.I.G.H.T** way to be at Yavneh rests firmly on the following passages:

Self

דרך ארץ קדמה לתורה – Proper conduct is the foundation of a Torah lifestyle

Others

ואהבת לרעך כמוך – Love others as you love yourself (Vayikra 19:18)

Spirit

חביב אדם שנברא בצלם – Beloved is humanity, for they are created in the Image of G-d (Ethics of the Fathers 3:14)

The philosophy which frames the Behaviour Education Policy is the understanding that positive, respectful and compassionate behaviour arises when the student, school and community work together. Creating the conditions for positive behaviour is a melding of elements that respond to or prevent negative wellbeing and actively promote the positive wellbeing needs of students. Yavneh's approach is founded on the belief that every student has the right to learn and every teacher has the right to teach by effectively encouraging the positive social and educational development of each child. All areas of Leibler Yavneh College are learning and teaching environments. We consider that the Behaviour Education Policy supports valuable social development and maximises the success of student learning programs.

The Behaviour Education Policy is supported by the [Tahalich תהליך](#) (Process) (add link) which guides the College response to behaviour, mental health and critical incidents.

Purpose

At Yavneh, Behaviour Education aims to:
